Entrepix pushes CMP services in Asia

Fabtech - www.fabtech.org

Citing the potential business opportunities in Asia due to the emerging markets of MEMS, optoelectronics, 3D packaging amongst others, Entrepix has selected Seki Technotron Asia as its local sales and service representative for its CMP 'FastForward' portfolio in China and Taiwan.

"This partnership gives Entrepix a stronger physical presence within Asia, enabling us to be well positioned to support a growing customer base," commented Tim Tobin, CEO of Entrepix. "Seki Technotron Asia will provide both new and existing customers in the region with local, real-time support to back the high quality of service we believe is essential to customer satisfaction."
